Officer Profile

Kenneth B. Bowes

Kenneth B. Bowes is vice president – Energy Delivery Services Connecticut Light & Power (CL&P) a subsidiary of the Northeast Utilities (NU) and Connecticut’s largest electric utility. Bowes is responsible for CL&P’s Distribution Asset Management, Field Services, Capital Construction groups, Meter Services and Meter Assets & Operations. Bowes is also jointly responsible for the Meter Data Management Services project.

A native of New Hampshire, Bowes joined NU in July 1984 in the System Test department. He has held several engineering and management positions in the NU Energy Delivery organizations becoming the Director – Transmission and Distribution Maintenance in 1999, Director – Transmission Construction, Test, and Maintenance in 2002, and Director – Transmission Projects in 2004. In 2008, he joined CL&P’s senior leadership team as vice president – Customer Operations.

Bowes earned a Bachelor of Electrical Engineering degree from the University of New Hampshire and a Master’s Degree in Electrical Engineering from Rensselaer Polytechnic Institute. Bowes is the past Chairman of the Edison Electric Institute’s Transmission Committee.
